Personal profile

I am a mechatronics engineer graduated 2015 & finished military service. can able to work well on own initiative and can demonstrate the high levels of motivation required to meet the tightest of deadlines. Even under significant pressure, possesses a strong ability to perform effectively. Quick to grasp new ideas and concepts, and to develop innovative and creative solutions to problems. Likes to get new abilities and skills as well as to

identify potential opportunities. Adaptable to changing situations. Worked as production and hydraulic engineering

Objective

Now looking to contribute professional skills and gain further experience to achieve the company's goals as a mechatronics engineer.

Education Degree

*** Bachelor of engineering degree from university of culture & science city - Higher Institute of Engineering**

*** Major :Mechatronics engineering**

*** Minor: Mechanics**

Academic achievements

*** Graduating with Good.**

*** Graduating Project :Water desalination using solar energy.**

*** Graduation Project with Excellence.**

Courses

***Autodesk Inventor.**

***Conventional Control.**

***Motor Drives.**

***Programmable Logic Control.**

***Microcontroller architecture programming and interfacing.**

***Arduino Uno (programming and interfacing.)**

***Adjustable Speed Drive.**

***Hydraulic**

Key technical skills

*** C/C++ language.**

*** Have good knowledge about heat and mass transfer.**

*** Have good knowledge about air refrigeration.**

*** Have good knowledge about turbo machinery.**

*** Have a good knowledge with dealing with internal combustion engines.**

*** Basic language.**

*** Microsoft PowerPoint.**

*** Microsoft Excel.**

*** Microsoft Word. .**

*** Well known of basic computer skills and internet accessing.**

Languages Skills
